

JANAKALYAN

A BRIEF PROFILE

Submitted by

JANAKALYAN

An Institution for Innovation Integrated Inspiring Interventions

Shantinagar, R H Colony No.4, Sindhanur – 584143

District: Raichur, Karnataka, INDIA, Tel: +91 8535-264488, 264140, Email: info@jankalyana.org,

www.jankalyana.org

Part A: Organization Profile

Janakalyan is a team of dedicated professionals committed to people's empowerment. What started with 4 rehabilitation colonies of Sindhanur taluk in 1997 to empower refugees and ensuring their rights has now spread across 3 districts in more than 1000 villages directly and also through its network partners. A community based organization transformed as a fully equipped professional institution to handle varieties of interventions both directly as implementer and also through its network partners as facilitator.

Besides having a special team for handling women empowerment programs, it has a specialized wing for NRM based interventions with focus on biodiversity, eco-farming, organic approach, chain completion, value addition with Intensified Integrated Farming Systems (IIFS). Janakalyan has also specialized in health, hygiene, nutrition, sanitation and education to mothers and children through various innovative strategies and community based monitoring mechanisms. Education has remained as one of its focal area since from the inception and has developed a pool of experiences in addressing the issues like drop out, slow learners, child labors, vocational training, remedial coaching, etc. along with the formal education institutes (school & college).

The major activity-frames of Janakalyan are *Jana Sanghatan*, *Jana Krishi*, *Jana Jala*, *Jana Raksha*, *Jana Shakti*, *Jana Udyog* and *Jana Shiksha*; all these are centered to 4 holy mothers – *manavi mata* (woman), *bhoomata* (soil), *gomata* (animal) and *gangamata* (water). Janakalyan believes in empowerment and sustainability strategies and all its programs are designed with these core principles. Accountability and transparency are core values of Janakalyan and maintained at all levels to its highest level. Janakalyan never considers itself an alternative to Government but a **watchdog** for the community. It does believe itself as an assisting agency for the Government in developing the nation and its citizens.

India lives in its villages and therefore Janakalyan dedicated itself for uplifting the rural communities believing in Gandhijee's words. To practice the same in letter and spirit, Janakalyan operates from a remote village with a full-fledged office on 2-acre lush-green campus with a training hall having a capacity for 100 participants with all modern audio-visual facilities.

Vision

Creation of an enabling healthy environment where all individual has equal access to and control over the Social, cultural, Educational and Political Institutions with an economically secured livelihood

Mission

Janakalyan exists to empower the four holy mothers so that an economically secured healthy atmosphere is developed where all individual identity has their deserved status through institution building by 2020

Goal: To serve four holy mothers viz. *Manavimata* (woman), *Bhoomata* (soil), *Gangamata* (water) and *Gomata* (animals)

Objectives: Objectives of Janakalyan are-

1. To implement development programs for child, woman & weaker sections.
2. To implement programs for socio-economic status improvement of the communities.
3. To implement programs for disabled, handicapped & street children.
4. To develop & demonstrate new technologies, suitable for rural population in all the related fields and motivating the people to adopt it.
5. To implement programs for healthy environment development.
6. To implement poverty alleviation programs.
7. To open and manage nursery, primary, middle and High Schools and also colleges of various disciplines including UG and PG courses in the field of medical, engineering, computer sciences, agriculture, social works and also in other disciplines, as may be found necessary from time to time.
8. To run technical colleges such as DEd, BEd, ITI, Diploma, Engineering, Medical, Ayurvedic, etc.
9. To run any kind of educational institutions for children, women and farmers of the country including KVK, RSK, etc.
10. To conduct teachers training courses
11. To open and manage reading rooms, Libraries with all kinds of facilities.
12. To run adult education programs for the rural illiterate.
13. To conduct skill up-gradation & vocational training programs for unemployed youths, women and farmers.
14. In fulfillment of the objectives, it may seek any kind of assistance from various sources and take up any other activities as found necessary by the Governing Board.
15. It may borrow the loans from various Government and Non-Govt. Organization.
16. Publication of Journals, Magazines and Souvenir etc. in the public interest.

Legal Information about JANAKALYAN

- 1** Name of the Organization : **JANAKALYAN**
www.jankalyana.org
- Registered Address : **Shantinagar, R H Colony No.4, Sindhanur-584143, Raichur District, Karnataka**
- Date of the establishment : **2.7.1997**
- Telephone No : **+91 8535 264488, 264140**
- Email : info@jankalyana.org
- Contact Person / Chief Functionary : **Sri Prasen Raptan, Executive Director**
- 2** Registration Number and date : **SOR/28/1997-98 dated 2.7.1997**
- 3** Registration No. u/s 12 A of the Income Tax Act 1961 : **F.No.12A126 /CIT-GLB/2002-G3 dated 10.10.2002, Regd. With CIT, Gulbarga**
- 4** Registration No. under the Foreign Contribution (Regulation) Act, 1976 : **FCRA No. 094610029 dated 13.8.2003**
- 5** Income Tax Return filed : **ITR 7 for 2011-12**
- 6** PAN No. : **AAATJ5178Q**

8	Er. Prasen Raptan, Sindhanur	Executive Director	-	No

Achieved so far....

The Bengalis displaced from their homeland are rehabilitated in the tail end of Tungabhadra Irrigation Project in Sindhanur taluk of Raichur district in Karnataka. Besides irrigation they are facing many other peculiar issues connected with their only livelihood option, the agriculture. Degraded soil, salinity, alkalinity, small land holding, least productivity, pests immunization, costly credit as well as inputs, high cost of cultivation, chemical-heavy farming, lack of marketing facilities, connectivity of the land with market, etc. are some of the issues related with agriculture, their only source of livelihood. To address some of these issues, Janakalyan took birth in 1997 and started its interventions and has successfully demonstrated few viable models.

Janakalyan believes in empowerment strategies and thus its first initiative was to promote SHGs long back in 1997 by bringing the displaced refugees under a common umbrella. All those 200+ SHGs promoted by Janakalyan were federated to clustered at village level under “**Sangha Darshini Samiti** (Steering Committee)” and finally under the common umbrella of “**Milan Teertha Federation**”. The peculiarity of our intervention was that we also formed men as well as youth SHGs in each village to ensure gender balance and initiated an intervention called “**Shree Shakti Sabha**” where both men (shree) and women (shakti) used to meet together and discuss about their family and social development. **Kishori Vikash** program was another activity in this series to address the issues of adolescent girls. All interventions of Janakalyan were routed through these SHGs. A micro-Finance institute viz. GNAN (**Garibi Nirmoolan Avartan Nidhi**) Multipurpose Cooperative Society comprising of all these SHGs is established to cater to the financial needs of these SHGs. Several rural entrepreneurship development programs have been conducted to imbibe entrepreneurial qualities among the rural women and many self employment (farm & non-farm) business entities were started by these SHG members to secure their livelihoods. Animal husbandry was promoted in large scale and now most of these SHGs have accumulated revolving fund in lakhs.

To serve its four holy mothers viz. Manavimata (woman), Bhoomata (soil), Gangamata (water) and Gomata (animals) Janakalyan has designed 7 tools as framework of its interventions and these are-

- 1) Jana Sanghatan (Women Development & Empowerment Program)
- 2) Jana Krishi (Livelihood Improvement through IIFS)
- 3) Jana Jal (Rainwater Harvesting for Drinking & Greening)
- 4) Jana Udyog (Rural Entrepreneurship Development Program)
- 5) Jana Shiksha (Reaching the Un-reached through Innovative Education)
- 6) Jana Shakti (Renewable Sources of Energy Harnessing) and
- 7) Jana Raksha (Health for All Animals including human beings).

The activities of Janakalyan are within the framework mentioned above and are mainly for mother, child and poor farmers of marginalized and deprived communities.

The major achievements of the organization so far have been –

- Promoted more than 200 quality SHGs and successfully credit linked with banks and government schemes; they have their own micro credit institution now.
- Innovated 5-acre Self-sustainable Livelihood Model for tail end farmers on IIFS concept with water harvesting technologies. More than 100 farmers demonstrated the model in their farms in Tungabhadra & Malaprabha tail ends.
- Introduced concept of rain water harvesting in water scarce areas of Sindhanur taluk for drinking and greening their house-yard. Rainwater and runoff is being effectively conserved and used for productive purposes.
- Induced entrepreneurial skills among (more than 300) educated and illiterate rural youths through REDP in Raichur and Koppal districts. Most of them have their own business or enterprises or engaged in service.
- More than 1000 out-of-school children are brought under the umbrella of school through its innovative tools like ARP, 3R, etc. under the program called VIDYA. More than 300 child labors are mainstreamed during these years.
- Introduced the concept of renewable energy harnessing like biogas, improved chullah, solar cooker, solar dryer, etc. in the rural areas.
- Introduced dairying as a livelihood options among the refugees and now it has become the second largest source of livelihood for them. A Milk Processing Plant is established to add value to milk for securing their livelihoods.
- Developed a model to ensure service delivery by the health, education and ICDS departments to mother and children of rural areas using Community Monitoring Process.
- Assumed the status of LEAD NGO for the UNICEF supported projects in Raichur district.
- Appointed as the facilitating NGO for the district to prepare District Perspective Plan for NREGA, Suvarna Gramodaya, Kugram Suvarna Gram and other government schemes.
- The right-based campaign to ensure the rights of the rehabilitated refugees in India yielded notable results; mother tongue education for Bengali refugees is a big achievement in Karnataka.
- More than 10000 wage-earners are sustainably ensuring their rights under NREGA; more than 3 crores worth productive assets created by leveraging funds from NREGA.

Projects Completed

Sl. No.	Project Name and Address	Field (edn, health, envn...)	Project Management (Name & Address)	Project Cost (Rs in lacs)		Time Frame				Status (social impacts in measurable terms)
				Estimate	Actual	Start Mont	Finishing Month	Plan	Actual	
1	Self Sufficient Livelihood Model through water harvesting	Environment Protection through organic farming	Prasen Raptan Programs Manager Janakalyan	45.00	46.75	Oct 2005	Nov 2005	Sep 2007	Oct 2007	About 21 farmers have assured source of irrigation; model for fellow farmers
2	Roof top Rainwater Harvesting Program	Environment Protection by avoiding stagnated water	Prasen Raptan Programs Manager Janakalyan	7.00	3.25	Apr 2003	Jul 2003	Mar 2003	Jun 2005	25 families have 17000 liters of rainwater in a year in acute water shortage villages
3	Developing a area-specific model for tail end farmers	Environment protection through water conservation	Prasen Raptan Programs Manager Janakalyan	25.00	25.05	Feb 2002	Feb 2002	Oct 2006	Oct 2006	About 14 farmers have secured irrigation water for lifesaving irrigation
4	Developing a need-based model for small & marginal farmers	Water harvesting & judicious application for environment protection	Shanti Ranjan Das Secretary Janakalyan	6.00	5.69	Jul 2004	Jul 2004	Jun 2005	Jun 2005	Organic farming concept introduced and water budgeting practiced
5	Rejuvenation of irrigation tanks in Raichur district	Water harvesting to protect environment safety	Prasen Raptan Programs Manager Janakalyan	9.00	9.00	Apr 2004	Apr 2004	Dec 2004	Dec 2004	13 traditional water bodies rejuvenated irrigating 105 acres
6	Promotion of organic cultivation paractices for small & marginal farmers	Environment protection through chemical free cultivation practices	Shanti Ranjan Das Secretary Janakalyan	2.15	2.15	Apr 2003	Apr 2003	Mar 2005	Mar 2005	Organic practices introduced in 5 villages with 125 farmers
7	Water Harvesting Structures creation leveraging funds from NREGA	Environment protection through water harvesting, salinity treatment	M Basavarajaiah Programs Manager Janakalyan	16.10	16.10	Feb 2010	Feb 2010	Mar 2011	Mar 2011	More than 20 farm ponds, treatment of waterlogged areas and land development
8	Entrepreneurship in Water Harvesting for tail end farmers	Skill development among rural educated youths through REDP	Prasen Raptan Programs Manager Janakalyan	9.75	9.75	Mar 2010	Mar 2010	Apr 2011	Apr 2011	More than 300 youths trained on various skills upgradation
9	Effective utilization of wastes and excreta	Environment protection through organic approaches	Shanti Ranjan Das Secretary Janakalyan	0.50	0.50	Apr 2003	Apr 2003	Mar 2005	Mar 2005	More than 50 farmers prepared vermicompost pits
10	Developing technologies for agriculture with participation of farmers	Protection of environment through soil & water conservation	Shanti Ranjan Das Secretary Janakalyan	5.25	5.25	Apr 1998	Apr 1998	Mar 2002	Mar 2002	About 110 farmers learnt to develop technologies using participatory tools (on field)
11	Promotion and Linkage	Community	Shanti Ranjan Das	1.62	1.62	Sep	Sep	Aug	Aug	More than 200 SHG promoted

Sl. No.	Project Name and Address	Field (edn, health, envn...)	Project Management (Name & Address)	Project Cost (Rs in laks)		Time Frame				Status (social impacts in measurable terms)
				Estimate	Actual	Start Mont		Finishing Month		
						Plan	Actual	Plan	Actual	
	of SHGs	Development	Secretary Janakalyan			2003	2003	2005	2005	and helped to start their ventures
12	Preparing Perspective Plan for Yaddaladoddi village	Village adoption by Government & Community Development	Prasen Raptan Executive Director Janakalyan	0.10	0.10	Jan 2006	Jan 2006	Feb 2006	Feb 2006	Perspective plan for the village prepared for government adoption
13	Preparing Perspective Plans for 34 GP of Sindhanur taluka	Community Development	Prasen Raptan Executive Director Janakalyan	1.70	1.70	Apr 2006	Apr 2006	Sep 2006	Sep 2006	231 village Perspective plan for the village prepared for government adoption
14	Preparing Village development Plan for 17 villages of Sindhanur & Manvi	Community Development	Prasen Raptan Executive Director Janakalyan	2.04	2.04	Dec 2006	Dec 2006	-	-	17 Perspective plan for the village prepared for government adoption
15	Health & education services for rural women & children	Health & Education	Prasen Raptan Executive Director Janakalyan	28.00	28.00	Jul 2005	Jul 2005	Dec 2007	Dec 2007	231 village women trained about health & education services due to the village communities
16	Making villagers responsible for their village development	Community Development	Prasen Raptan Executive Director Janakalyan	40.00	40.00	Jul 2005	Jul 2005	Dec 2007	Dec 2007	231 village women trained about health & education services due to the village communities
